

Stability Pact for South East Europe  
Deutcher Akademischer Austausch Dienst  
The **ISSNB** project

Program of the  
**Meeting**

September 29. – Oktober 03. 2007, in Niš, Serbia.

- Sept. 29. Arrival of the participants  
Sept. 30. All day visit to Kamenički Vis
- Oct. 01 SEMINAR – Part 1, room 233  
**10.00** V. Litovski – V. Zerbe, Opening of the seminar  
**10.15 – 12.30**  
1. Živko Kokolanski, “Microprocessor System For Measuring Non-Electrical Quantities”  
2. Mare Srbinovska, “PC Based RLC Meter”  
3. Galidia Petrova, "ADC-module for processing of mechanical myotonometry signals";  
4. Mitko Shopov, "Web-based measurement of temperature and humidity from distributed objects".  
5. Todor Djamiyikov, "Implementation of tachometer – cyclometer in programmable logic"
- 12.30 - 14.00 LUNCH**
- SEMINAR – Part 2, room 233  
**14.00 – 17.15**  
6. B. Blanuša, "Efficiency optimization of Induction Motor Drive Based on Dynamic Programming Approach".  
7. M. Knezić, "WEB Server Based Distributed Measuring System"  
8. Borislav Jovanović, “Serial Port Interface For Microcontroller Embedded Into Integrated Power Meter”  
9. Miljan Nikolić, “The Self-Bias PLL In Standard CMOS”  
10. Marko Dimitrijević, “Using Grid Computing In Parallel Electronic Circuit Simulation”
- 20.00 DINER**
- Oct. 02 Bilateral meetings of the participants – Preparation of application for the next research year.
- Oct. 03 Departure of the participants
